2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

CBK is a WASC accredited independent study school of choice which offers an alternative to a traditional comprehensive school environment. CBK Charter operates 23 sites throughout Riverside County and provides a welcoming and inclusive environment for all students. The independent study setting is well suited to meeting the needs of students who have fallen behind in credits, dropped out, are working or parenting, experiencing mental or physical health challenges, students with disabilities, English Language learners, or any student not functioning well in a comprehensive school environment.

CBK Charter is an alternative school and encourages those interested in our school to review our one-year graduation rate as a measure of our school's effectiveness when graduation is within reach. Our CBK Charter serves students that are not always on a four-year trajectory and listed cohort graduation rates can often tell an incomplete story of student successes within our school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The CBK Charter classes are located throughout Riverside County at community and youth centers and at Riverside County Office of Education regional learning centers. Several of these sites were built in collaboration with RCOE where county building funds were utilized to build a portion of the school to be used by county classes. In areas where county-owned classrooms or sites do not exist, the county rents space. The RCOE takes great efforts to ensure that all school sites are clean, safe, functional, and provide an environment conducive to student learning. To assist in this effort, site facility inspections are conducted by RCOE staff on a continuous basis. The LEA uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of these surveys are available at the RCOE.

All school sites are maintained and kept in good condition in order to provide an environment conducive to student learning. Custodial services are provided directly by RCOE staff, through private vendors, or by the districts with whom we partner. Repair and maintenance services are completed in a timely manner and service as repair work orders are given the highest priority.

The CBK Charter classrooms operated under this County-District-School (CDS) code are located at twenty-two (22) sites and are located at regional learning centers operated and maintained by RCOE staff, or at local school districts and/or community learning centers. The facility department inspected all CBK classrooms during the 2023-2024 school year and confirmed that all sites are clean, safe, functional and in good repair.

Repairs Needed
All CBK Charter sites are maintained on a regular basis and kept in good repair. Sites are checked regularly by site and maintenance staff to ensure safety regulations are met and that all city, state, and federal regulations are met. Repairs and maintenance are performed regularly by RCOE staff, and emergency repairs are conducted immediately upon notification to appropriate staff.

Corrective Actions Taken or Planned
All corrective actions are noted and taken care of within a timely manner.

The following facilities are included in the CDS code assigned to the CBK Charter school:

- Arlington Regional Learning Center CBK, Riverside
- Betty G. Gibbel Regional Learning Center CBK, San Jacinto
- Corona CBK, Corona
- David L. Long Regional Learning Center CBK, Murrieta

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	1	1	21	22	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

CBK Charter offers work experience and internship opportunities to parallel the career interests of students and to enhance academic and vocational skills. Work experience opportunities provide students job shadowing experience, internship programs and vocational training opportunities directly supervised by credentialed staff. Students utilize job shadowing, internships, and mentoring to engage them in the application of learned skills and knowledge.

Students enrolled in the CBK program are also offered the opportunity to participate in the YouthBuild program which trains students for jobs in the construction and logistics industries. Students have the opportunity to earn a high school diploma and obtain certification in job skills in the fields of construction and logistics that will qualify them for immediate employment.

CBK Charter students are guided to Career Technical Educational opportunities offered in the Regional Occupational Programs and through online CTE courses. CTE pathways are offered in the area of 21st Century Manufacturing. In 2019, CBK Charter became part of a dual-enrollment opportunity with the University of California, Riverside offering a professional IT certification pathway. During the 2020-2021 school year, CBK Charter expanded upon the dual-enrollment to include a History sequence of courses. CBK Charter also offers concurrent enrollment opportunities at selected sites through partnerships with local community colleges. During the 2021-2022 school year, dual enrollment options were expanded to include Macroeconomics. In the 2022-2023 school year Ethnic Studies and Cyber Security were offered as dual enrollment options.

Measurable outcomes for these classes are courses completed, grades and credits earned by students, industry recognized certifications, and completion of CTE pathways and concentration courses.

CBK offers a wide range of courses specifically focused on career preparation and include the areas of agriculture, construction, auto mechanics, clerical skills, computer literacy, career planning, food services and nutrition, office occupations, and work experience. Additional courses are available based upon student interest.

CTE courses are available in many subjects and areas of interest, some of which are listed below:

- Accounting
- Agriculture, Food & Natural Resources
- Architecture & Construction
- Audio Video Production
- Business Information Management
- Career Exploration
- Career Skills
- Child Development & Parenting
- Cosmetology
- Creative Writing
- Criminal Justice
- Cyber Security
- Culinary Arts
- Digital Photography
- Drafting & Design

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents, students, and community partners serve on the CBK School Advisory Council (SAC). The SAC meets quarterly to ensure that CBK addresses the needs, concerns, and expectations of the families and communities of CBK students. The School Advisory Committee makes recommendations to the principal on design and other pertinent requirements of the operations of the school and are active participants in the development of the CBK Local Control Accountability Plan (LCAP). Stakeholders interested in serving on the CBK School Advisory Council should contact the Principals, Janice Delagrammatikas, jdelagrammatikas@rcoe.us or Theresa Swickla, tswickla@rcoe.us, or by telephone at (951) 826-6539.

C. Engagement

State Priority: Pupil Engagement

2023-24 School Safety Plan

The CBK Charter School Safety plan is updated annually by March 1 of each school year by CBK staff. The plan for the 2022-23 school year was reviewed and updated in December 2022 and is discussed with school administrators and staff at leadership team meetings and site meetings held throughout the year.

The Safety Plan includes information intended to identify elements and resources important in improving school safety and preventing campus violence throughout the county. The Safety Plan is categorized into assessment data, funding sources, discipline policies and practices, professional development, counseling and guidance, collaboration, programs and strategies, and campus security. Relevant data is reviewed to identify school safety issues (e.g., school crime data, suspensions and expulsions, counseling referrals, law enforcement reports, etc.).

Counseling, guidance, psychological services, and social services are available to all students. Mental health, probation and law enforcement agencies are actively involved in the activities that contribute to improving the safety of the school environment at RCOE. Prevention/intervention programs are used to create a safe drug-free learning environment.

Existing school discipline rules and procedures are reviewed at the beginning of each school year to ensure they address student behavior problems and school safety issues. The rules and the procedures are given to all students and parents upon enrollment explaining codes of conduct, unacceptable behavior, and disciplinary consequences. The dress code states that students should be dressed appropriately for normal school activities and that students' attire should reflect pride and respect. Health and safety are guidelines to acceptable school attire.

Professional Development

CBK teachers participate in more than 82 hours of required professional development each year. Professional development hours include twenty eight (28) hours prior to the beginning of the school year and 56 hours in 1.45 hour blocks each Wednesday afternoon. Teachers also have the opportunity to collaborate an additional 4 hours per month to plan common core based lessons.

Each year, the professional development (PD) plan for the weekly Professional Learning Community (PLC) meetings and the focused areas of development are determined based on student achievement scores and the goals and actions identified in the CBK Local Control Accountability Plan (LCAP). Two Wednesdays a month, the emphasis is on ELA/ELD and math. The other weeks are dedicated to Technology Integration and Positive Behavior Intervention Strategies (PBIS). The August Summer Institute for Learning and Knowledge (SILK) week is the kick off for the new school year and is structured PD and collaboration.

During the 2018-19 school year and continuing through 2019-20, the focus has been on integrating English Language Development (ELD) and Universal Design for Learning (UDL) instructional strategies across the curriculum, and implementing data collaboration teams. The June 2019 SILK week included a distinct focus on mathematics and UDL strategies. Units for science were also written by teachers during SILK week. Multi-tiered systems of support (MTSS) has also been incorporated into professional learning as a method of school improvement by collaboration within an established framework model that focuses on continuous improvement. Practices for consistency in grading and other means of data collection were shared as well.

During the 2021 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process.

During the 2022 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system with an emphasis on science lessons and next-generation science standards. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process. The emphasis was focused heavily on calibration and coaching on the implementation of universal design for learning.

During the 2023 Summer Institute of Learning Knowledge the focus was on student wellness and GLEAM strategies to ensure

Professional Development

that lessons are grade level appropriate, equitable, accessible, and meaningful.
